STATOTHR

Your letter of 1 May seems to have bogged down somewhere, and I got it on my desk only last week. Thank you very much for the additional information which is very useful.

At the moment my particular office is at full ceiling strength, and there is no clear-cut indication of any immediate change. However, I am asking the Personnel Office to keep me abreast of developments so that if by any chance they have another job in which you might be interested we could talk about a possible future in my office.

Very truly yours,

LAWRENCE R. HOUSTON
